## /summary

Senior Full-Stack web developer with extensive experience in building beautiful and functional web experiences and aiming to beat former "best yets".

## /work experience

### (Tech Lead)
**BK TECHOUSE**                    jan 2023 - now

In my position as a tech lead, I lead the team behind one of the most revolutionary products of BK Techouse, a Payment Gateway called UrubutoPay. Main responsibilities include:

- Authoring architecture and design of the product using industry standards.
- Establish software development best practices and improve product quality.
- Drive innovation to implement technology/business solutions that contribute to organization's revenue.

stack: nodejs.express.postgres.nextjs.typescript.

### (Senior Full-Stack Developer)
**BK TECHOUSE**                aug 2021 - dec 2022

I worked as a full-stack developer in a team that implemented an agriculture value chain management system called Smart Nkunganire and I served as the project's lead on the Front-End.

stack: nodejs.express.mongodb.react.typescript.

### (Freelancing Work)
**VARIOUS COMPANIES**              feb 2018 - aug 2021

I developed various apps for clients such as an inventory management system developed for CET Solar Power and a jobs portal for Dukode Technologies.

stack: nodejs.express.mongodb.react
